Pole Holder

Rear Bracket

Front Bracket

Madjax recommends professional installation. If you choose to not have this product installed by a professional, we highly recommend that you exercise caution, care, and patience when installing this product as it involves drilling holes into your cart's body.

NOTE: A Madjax Grab bar is required for this installation.

Attach Front bracket to fishing pole holder using countersunk hardware as shown. Bolts go through back of plate with washer and nuts on front of holder.

Attach front and rear brackets around grab bar as shown and tighten.

INSTALLATION COMPLETE
